THE ROUTE »

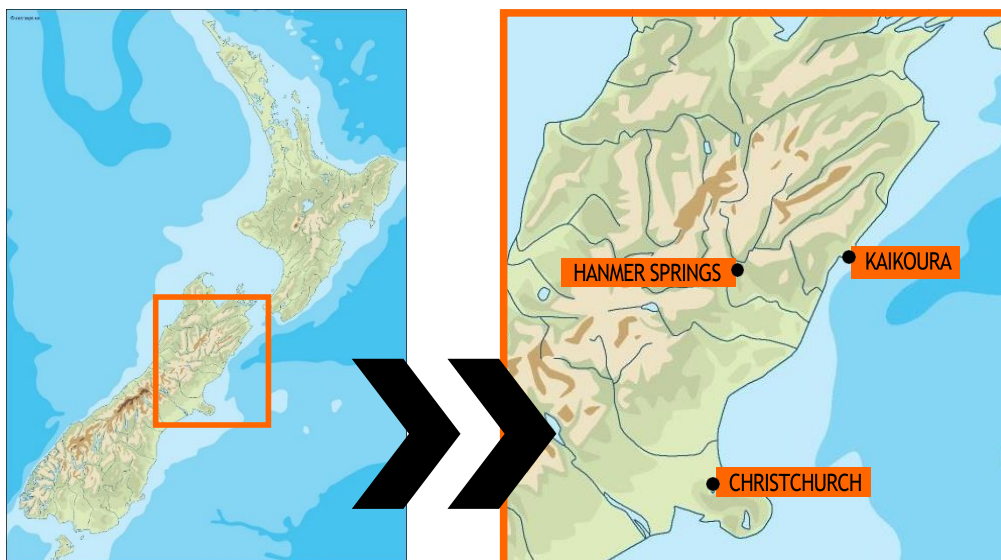

The Tracktion Motorcycles Ride Out 2024 is set to explore the upper North Canterbury region from Christchurch up through Okuku Pass, into Waikari and then through to Hanmer Springs. Then into Marlborough and the Clarence River Valley and on to Kaikoura.

Kickstarting the Ride Out leaving Christchurch, the first day will feature river tracks, flowing gravel backroads and back country stations, with some water crossings thrown in for good fun! You'll follow some well-known metal roads and river tracks which will lead us to the first private farms in the Waikari region. This will encompass flowing farm tracks, exciting single tracks and a challenge section will lead us to our first overnight stop in Hanmer Springs.

Day 2 starts out with a lap through the scenic Lochiel Station and then on to Waiiau and up Inland Road and into Muzzle Station. If you haven't been to the Muzzle Station yet, this is a rare treat. On the way in we will divert onto some lesser know tracks and then head to our overnight stop on the Station. Here we will have dinner and then breakfast after which we will head off for some more adventure on Day 3. Day 3 will see us eventually heading out of Muzzle Station via some more single track and then off to our final farm before we end up in Kaikoura for our last night.

The combined routes will provide a varied range of terrain designed for the larger capacity adventure bikes, with a few medium challenging sections which is sure to make any adventure rider smile ear-to-ear.

The aim of the Tracktion Motorcycles Ride Out is to be suitable for adventure riders of all abilities. It will consist of a Main Route made up of a mixture of winding back country roads, metal roads, highway and well-formed farm tracks. There are a few shorter challenging sections on the Main Route which will be highlighted at the daily rider briefings with an option to detour if you choose to.
